# MSS NitroCube™

DESIGNED FOR LASER CUTTING

## The Real Alternative to Bulk or Bundled Gas

- World No.1 laser cutting nitrogen generation system
- High Purity Nitrogen to 50ppm (99.995%)
- Flow rates 1740-7000 scfh
- Suitable for single or multi laser sites
- Suitable for any laser system CO<sub>2</sub> & Fiber
- High Pressure 580psi 'On-demand Nitrogen'
- Low cost nitrogen with proven \$\$ savings
- Transparent ROI budgeting
- Fast install – typically 2 hours

NitroCube 40-1 HF	Pressures (psi)	Flowrate (scfh)
Purity 4.5 (99.995%)	580	1740
Purity 3.5 (99.95%)	580	2700
Purity 2.5 (99.5%)	580	4000
NitroCube 40-2 HF	Pressures (psi)	Flowrate (scfh)
Purity 4.5 (99.995%)	580	2850
Purity 3.5 (99.95%)	580	4000
Purity 2.5 (99.5%)	580	6000
NitroCube 40-3 HF	Pressures (psi)	Flowrate (scfh)
Purity 4.5 (99.995%)	580	3350
Purity 3.5 (99.95%)	580	4800
Purity 2.5 (99.5%)	580	7000
